For Your Trouble

IN every advertisement printed below there has been purposely omitted one word, which is necessary to complete the sentence from which it is lacking. These merchants want to see who can supply the most sensible, logical, powerful word in each of the instances. The Times will give a cash prize of Ten Dollars to the person who does the complete work in the most satisfactory manner. A committee of disinterested judges—advertising authorities—will make the decision. No answer received later than 6 P. M. Wednesday, July 22d, 1908.

Address your reply to the "Missing Word Editor," The Washington Times, City.
